

## BOOTLEGGERS ARE WAITING CHANCE TO PLEAD GUILTY

Considerable Business to Be Transacted Today in Superior Court—That Class of Cases About Completed.

TOMBSTONE, Sept. 20, (Special).—There was no session of the Superior Court today owing to the illness of Judge Lockwood who is suffering from a slight attack of la grippe. He expects to be able to be out again in the morning. He has been feeling badly for the past few days and this morning was unable to open court. When court opens in the morning there are a number of bootleggers that will enter pleas of guilty. E. G. Hernandez of Douglas who was to be tried today will be among the number. It is also understood that Berny Nono who was tried a few days ago and the jury was unable to agree will also come in and enter a plea of guilty and ask for the mercy of the court. M. W. Bostick who was on trial the other day and after the jury had heard a part of the case changed his mind of allowing the jury to hear the rest of the case and entered a plea of guilty will be sentenced on the 26th, having asked permission to go out to Gleason and fix up his business. W. C. Lester of Douglas entered a plea of guilty yesterday and was sentenced to serve a term of 10 days and a fine of \$300 in one case; 10 days and \$200 on another, and a two year suspended sentence. Heavy Livingston is now serving his ten day sentence and will be out next week. He was given a rousing welcome when he entered the bootleggers apartments

It is expected that the majority of the bootleggers will be taken out during the next few days to work on the road between here and Bisbee. It is understood that the county engineer's office has completed a part of the survey sufficient to start work and has a part of the equipment on the road. The new road will cross the washes on the Bisbee side of the Extension and will then continue down the long ridge and across the Sandy Bob Draw to the high ground and then to the Government Draw. The road between Tombstone and the Draw will be temporarily repaired at once to allow traffic. The road at the present time is in a very bad condition.

There are but two more cases of the alleged bootleggers to be tried in which the Los Angeles detectives have been used and it is expected that they will be cleared up in the next day or so. The attention of the court will then be taken up in the trial of other cases that have accumulated. There are several more bootlegging cases to be tried but the evidence in these cases was secured by local officers. The case of the State vs. William Speed is set for trial tomorrow.

Registration Open Again. The registration of voters for county and state elections is now open again and will be open until the 15th of October. It is expected that there will be two or three thousand additional voters on the books when they close at that time. A number of voters in Bisbee and Douglas who had registered for city elections had not registered for the county, as they found out at the recent primary election, will now have a chance to get in. There are now a number of qualified electors that were not able to register for the primaries that will be able to vote in November.

Leaves for Yuma. P. J. Munch, of the State Land Commission left this morning for Yuma

where he goes to conduct a sale there. He states that the sale conducted here yesterday was one of the most successful that has ever been held by the land commission and the amount of money received as large as any sale ever held by the commission. In fact some of the land sold yesterday sold as high as irrigated land in the Salt River Valley. The two pieces purchased by the Four Bar Cattle Company of 640 acres each brought \$22,100. It is expected that if the law is not changed the receipts from the sale of state land will more than cover the expense of maintaining the public schools of the state. Ben Clark of the lion left for San Simon where he will remain for several days on business for the commission and will then go into Graham county.

Changes Made. The return from the various precincts in the county reveal the fact that the residents of the various judicial precincts have ousted the old officers and placed others in nomination in their stead. In Bisbee G. W. Totman was defeated and Rod McDonald given the nomination; in Lowell Judge Smith was defeated and Winters given the nomination; in Douglas R. S. MacLay was defeated and Clyde Brannum given the nomination. In Pearce Chas. Webster was beaten for constable by John Lemmons. In Bowie Jud Pruitt was defeated and J. W. Lancaster nominated for constable. In San Simon J. H. Hibler was beaten for the nomination for constable by W. B. Whiteley. Changes were also made in a number of the other smaller precincts.

## 14TH INFANTRY STARTS FOR YUMA

Regiment Leaves Douglas in 36 Cars to Join Western Department.

DOUGLAS, Sept. 20.—Two battalions of the Fourteenth Infantry, Colonel R. H. Wilson commanding, left Douglas tonight for Yuma, Ariz., where the regiment was ordered by General Frederick Funston. The regiment carried all baggage. The train of 36 cars of all classes was handled in two sections.

The departure of the Fourteenth was delayed by the absence of a battalion under command of Major B. B. Stokes, making a test run in motor trucks from Douglas to the Roosevelt Dam. The order to return reached the troops at Florence and they proceeded here immediately.

As far as the experiment was carried, motor trucks for transportation of troops for long distances, proved quite successful.

## SONORA TO LIST ALL MALE YAQUIS

Calles and Huerta to Jail Any Warring Reds Without Passports.

DOUGLAS, Sept. 20.—City and county officials and all employees of Yaqui Indians as laborers, must immediately issue passports to such Indians stating in detail the home address and all data of interest in connection with him, according to a decree issued by General P. Elias Calles, by consent of Governor Adolfo de Huerta.

General Calles says in the decree that "tame" Yaquis are in the habit of working long enough to accumulate food, clothing, arms and ammunition and then joining the hostile branch of the tribe thus prolonging the campaign. For this reason any male Yaqui over twelve years old, found without such passports, after October first, will be considered public enemies and outside the protection of the law. Such Indians must be arrested and turned over to the nearest military official to be dealt with.

Beginning with October first, any employee or official who fails to comply with the provisions of the decree by not reporting Yaquis in his employ, will be considered as lending aid to the tribe and severely punished, the decree says.

## LOWER CALIFORNIA TO HAVE RAILROAD

(By Review Leased Wire) SAN DIEGO, Sept. 20.—The construction of a railroad from Mexico to San Felipe, at the head of the Gulf of California, a distance of forty miles will be begun soon by Governor Estaban Cantu of Lower California, according to an announcement made here today by a close friend of Cantu. The purpose of the road, to be in operation not later than the summer of 1917, is to afford a direct line to tide water for Lower California products without a long haul through American territory and attendant customs complications.

Cantu is said to be backed in the venture by the Sandoval Fishing interests with headquarters in Los Angeles.

## GOLF HONORS TO HARVARD.

(By Review Leased Wire) PITTSBURG, Sept. 20.—J. W. Hubbell, representing Harvard, won the individual intercollegiate golf championship on the links of the Oakmont Country Club at Oakmont this afternoon by defeating D. C. Corkran of Princeton one up.

## SPEAKS ON PROHIBITION.

Father Patrick J. Murphy of Dalhart, Texas, will speak on prohibition at Y. M. C. A. hall Friday evening, at 8 o'clock. He is one of the most eloquent men on the American platform today, has been a fighter of the liquor business for thirty years and is given an ovation wherever he goes. He will speak for the Arizona prohibition amendment, and show up the fallacies and the viciousness of the so-called local option amendment, which is a covert attempt to bring the saloons back into the state, it is claimed. This will be a rare opportunity for the people of Bisbee to hear this popular orator.

## COLONEL GLENN WILL COMMAND AT DEMING

DEMING, N. M., Sept. 20.—Brigadier General Granger Adams announced today that Camp Deming will no longer be known as provisional division headquarters, but as the Fourth Separate Brigade.

Colonel Edwin F. Glenn, of the Eighteenth Infantry, now at Douglas, Arizona, has been ordered by the commander of the Southern Department to report at Deming. He will succeed General Adams, who retires automatically September 28, because of reaching the age limit.

## RAILWAY SUES AUTO DRIVER FOR COLLISION

DANVILLE, Ill., Sept. 20.—Harper Daniels, a wealthy merchant who was

killed when his automobile was struck by a Chicago and Eastern Illinois fast train, is blamed for wrecking the train in two suits filed in the circuit court. Mrs. Charles Everhart, wife of the engineer who died from injuries received when his engine went into the ditch, has sued Daniel's estate for \$5,000, and today William J. Jackson, receiver of the railroad began suit for \$10,000 against the estate.

## IRRIGATION CHIEFS CONVENE IN DENVER

DENVER, Sept. 20.—Reclamation project managers from thirty projects now under way in the west tonight attended a banquet, following the second day's session at which technical problems were discussed. The conference is expected to conclude tomorrow. Improvements and procedure, and possible minor changes were discussed.

## DESPERADO RUNS AMUCK IN LOWELL

(Continued from page one.) moments. The robber commanded her to open the safe, but she told him she could not, and at this he became enraged and tried to shoot her. Mrs. McClamont grabbed the gun about the time he pulled the trigger and the shot went wild, he then tried to shoot again and she managed to get her thumb in between the hammer and the shell, and in the tussle her thumb was torn as they struggled hand to hand. A cager at the Junction named Crist showed up and the robber, firing in the struggle, hit Crist in the arm, and then fled.

Mrs. McClamont escaped, ran inside the station and shut the doors. McIntosh and Black had by this time found Deputy Sheriff William Brakefield who accompanied them toward the station where they found the robber. He refused to be placed under arrest at first, but was finally subdued and was brought to Bisbee where he was locked in the Branch County Jail.

Mrs. McClamont was not badly injured, although one hand was somewhat torn and the other powder-burned.

## EXTRACTS FROM MINING REPORTS ON THE MIAMI MOTHER LODGE MINING PROPERTY:

The proven ore body in the Miami Inspiration district extends through the entire length of the Miami Mother Lode Mining Company.

The values attaining 35 7-10 per cent copper, \$4.00 gold and 6 ounces in silver as shown by smelter returns from the O. D. Smelter, Globe.

The 70 foot and 128 foot levels are in chalcopryite and bornite in the face of the 70 foot crosscut extending 208 feet and the 128 foot level has copper glance and sulphides for 100 feet continuing in the face of the drift without encountering a hanging wall.

The fissured bathalutic granite formation is an exact duplication of the Butte mining district. The sulphides encountered at 128 feet and the native copper and chalcopryites in the bottom of the shaft at 145 feet increasing with depth. The Miami Mother Lode adds another copper wonder in the proven Miami district.
